

INTOSAI University Guidelines (U-INTOSAI)

INTOSAI University (U-INTOSAI) is a project created on the initiative of the Accounts Chamber of the Russian Federation as the INTOSAI Chair, aiming at responding to the need of the international audit community to consolidate the activities on capacity building of INTOSAI bodies and individual SAIs. The conceptual framework for the university creation was initially outlined at the 23rd INCOSAI in Moscow in September 2019 as one of the priorities of the Chairmanship of the Accounts Chamber of the Russian Federation in the organization. After preliminary work with the key stakeholders in the field of INTOSAI capacity building, the project implementation was approved by the 74th INTOSAI Governing Board in November 2020.

- U-INTOSAI aggregates information on educational initiatives within INTOSAI, provides comprehensive overview and ease of navigation to ensure better meeting of the training needs of SAIs' employees.
- U-INTOSAI contributes to the implementation of the strategic goals and priorities of INTOSAI in accordance with the Strategic Plan 2017-2022 and the Moscow Declaration adopted at the 23rd INCOSAI in September 2019.
- U-INTOSAI was developed and launched on the initiative of the INTOSAI Chair and is not considered as an official INTOSAI body. The platform is open to users without restrictions and provides access to all courses listed in the catalog after a simple one-step registration.
- U-INTOSAI platform enables publication and promotion of the courses that correspond to the priority topics of the University. Courses can be authored by individual SAIs, INTOSAI working bodies and regional organizations or other international organizations, representatives of the academic community. The materials published on U-INTOSAI platform reflect the experience of individual SAIs, INTOSAI working bodies and regional organizations and other international organizations, representatives of the academic community in order to provide knowledge exchange and inform the public about the activities of SAIs. Materials published on the U-INTOSAI platform should not contain unreasonable assessments and political connotations.

- Responsibility for the completeness and quality of the information, the content of the courses listed in the catalog lies on the authors of the courses indicated on the corresponding page of each specific course in the catalog.
- Quality assurance procedures for INTOSAI public goods that are developed and published outside due process, approved by the INTOSAI Goal Chairs and INTOSAI Development Initiative, may be applied to the materials developed by INTOSAI goal committees, regional organizations, working groups and other forms of SAIs' alliance.
- Use of U-INTOSAI materials for commercial purposes is prohibited.
- U-INTOSAI platform provides an opportunity to collect feedback on the relevance and quality of the materials provided, as well as validate new materials that have not been previously published at INTOSAI open resources.
- Technical support and platform maintenance are guaranteed by the Accounts Chamber of the Russian Federation.
